

tesa® 4563 PV3

Product Information

Silicone rubber coated fabric tape with outstanding grip properties

Product Description

tesa Printer's Friend® 4563 consists of a specially treated fabric covered with a silicone rubber coating. This surface is highly resistant to "sticky" substances yet provides a reliable "non-slip" effect on smooth substrates. Non-slip properties are maximized by the smooth surface.

Application Fields

tesa Printer's Friend® 4563 is specially designed for roller wrapping applications. In many cases, a new covering may be applied without removing the roller from the machine.

Industries include:

- *Printing industry
- *Textiles industry
- *"Focus" label printing machinery
- *General, web-based processing & converting industries
